MATERIAL DESCRIPTION/BENEFITS POPULAR KOVER-KLEER™, SELF-LAMINATING TAG PROTECTION SYSTEM

All G/O Corporation tags are available with or without the popular Kover-Kleer™ Self-Laminating Tag Protection System.

This system allows you to write on your tag. Then, you can make that handwritten message tamper proof, abrasion proof, weatherproof, and resistant to chemical spills by sealing with the Kover-Kleer flap.

- Tag base is made of 15 mil non-tear polyester.
- Flap is clear polyester with acrylic adhesive on one side protected by a removable liner.
- Tags are available in various standard and custom sizes (custom ordering form at right).
- Colors available: yellow, white, green, red, blue, magenta, black, and assorted fluorescent colors.
- Tags can be ordered with or without the Kover-Kleer flap.
- All tags have a write-on surface that will accept pen, pencil, or permanent felt-tip marker.
