

THE "NON-TOUCH" HANDS-FREE DISPOSABLE

ALARA-SORB wet mops are made of a new non-woven rayon material that outlasts and outperforms standard mops. **ALARA SORB** mops are cost-effective and disposable.

Take a look at what **ALARA-SORB** can do for you:

ADVANTAGE

- Hands free
- No break-in period required
- Highly Absorbent
- Made from Non-linting materials
- Faster Drying time
- Releases more liquid
- Mildew-Resistant
- Light Weight
- Made from recycled materials

BENEFIT

- Alara-Sorb requires **no touching** when removing mophead from handle
- Alara-Sorb is ready to use when you need it
- Using Rayon fibers Alara-Sorb holds 6x its weight in water
- Helping reduce bioburden levels by picking up loose particles while damp mopping
- Floors are useable in less time
- Bulky construction allows for the release of more liquids for repeated pickup
- Alara-Sorb resists and reduces mildew
- Having less disposable materials
- Only made in the USA
